

# THERE'S A PLACE FOR YOU IN PIPELINES

JUST ABOUT EVERY JOB YOU CAN THINK OF HAS A ROLE IN PIPELINES.

## BIG OR SMALL:

Pipeline companies range from Fortune 500 corporations with national footprints to small companies serving a local region. You pick!

## HI-TECH OR HANDS ON:

Diagnostics equipment or harnessing machine learning or AI? Maybe it's working with your hands welding or electrical. We've got your jam!

## CORPORATE TYPE:

Finance, commercial development, legal, accounting, pipelines need everything it takes to run a big corporation has a home in pipelines!

## PEOPLE PERSON:

Human resources, public engagement, managing people, leading an organization, pipelines can put your people skills to good use!

## COLLEGE OR SKILLED TRADES:

A two-year degree or trades training best for you? You can do well in pipelines. Have a four-year degree or even an advanced law or business degree? Pipelines need your talents.

## OFFICE OR FIELD:

Whether you're at your best in the office or hate a desk and want to be in the field, there's a job for you in pipelines.
